

ProConnect™ Tax Online

How you'll skip the stress and the slowdowns

Make it simple from the start.

No installation or maintenance

It's cloud-based, you'll be all set up in just a few minutes.

Quick data collection

You'll have a built-in portal that makes the process faster and more organized.

W-2 data importing

Save time and prevent errors with data that comes straight from the source and goes right into your workflow.

K-1 data importing

Import K-1 data into your 1040 returns, directly from the business entity.

QuickBooks integration

Streamline your clients' accounting and tax work, with connected data and integrated workflows.

Work with a new level of efficiency.

Less time on data entry

See a summary of a client's data for this year and last year. You can go down the line, enter the current data and finish in just a few minutes.

5,600+ tax forms

Have quick access to everything you'll need for individual and business returns, including 1040, 1041, 1065, 1120, 1120S, 709 and 990 returns.

18,000+ calculations

Breeze through the toughest tax scenarios with automated calculations.

Speedy searching

Search for any element in a tax return, such as a name, an amount or a line number. You'll save time when you're looking for data to check or modify.

Time Savings

Gain more ways to finish returns faster. ProConnect Tax Online's loaded with time-savers that make a big difference when it matters the most.

Finish fast with full confidence.

21,000+ diagnostics

Maximize your accuracy and your clients' refunds. You'll prevent e-file rejections and missed deductions with critical diagnostics and suggestions that are built into your workflow.

1 step for document review and signature

Eliminate the wait and hassle of getting a Form 8879 or 8878 signed. With eSignature, you can get forms signed in minutes, not days.
